

Ipswitch® MOVEit® for Education

Moving files securely in the Education sector is business-critical as these files usually contain personal sensitive information and organizations deal with strict policies governing student privacy.

MOVEit allows Education providers such as Universities, Schools, private colleges, training companies and University Central Admissions Organizations to exchange very sensitive information such as student applications, student reports and payments information. This reduces the risk of loss or theft of valuable business and student data.

Moreover, MOVEit simplifies the compliance and reporting requirements for regulations and standards such as GDPR, PCI and ISO 27001.
